NOTES

Cyprus-Greece: A controversy is brewing over recent statements from Athens threatening punishment for elements on Cyprus opposed to enosis (union with Greece). Some Greek Cypriots regard such statements as an indication that Athens has plans for a coup on Cyprus. Although President Makarios publicly reaffirmed his dedication to enosis, the US Embassy believes the controversy is symptomatic of growing hostility among Cypriot officials toward the Greek regime.

25X1

Nigeria: Federal forces along the border between the former Northern Region and "Biafra" reportedly have been heavily reinforced in the past several days with both men and artillery. Federal troop strength in the border area may now be considerably above the previously estimated 4,000-5,000 men.
